DETAILED ACTION

Response to Amendment

The Amendment filed on 2/28/05, has been entered and acknowledged by the Examiner.

Allowable Subject Matter

Claims 1-27 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Prior art fails to disclose or fairly suggest:

- The cathode layer protruding from each of the openings of the insulating layer, wherein the cathode layer includes a concave portion formed on the surface of the protruding portion and part of the protruding portion covers part of the banks of the insulation layer, in combination with the remaining claimed limitations as called for in claims 1, 5, 6, 8, 9, 11, 17, 19, 23, and 25 (claims 2-4, 7, 12-16, 18, 20-22, 24, and 26-27 are allowable for the same reasons since they are dependent on the allowable independent claims).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
